

## TSYS Tablet Point of Sale

Smoothly and efficiently accept payments and run your business with TSYS Tablet

TSYS Tablet does more than accept payments simply and affordably, our tablet POS solution makes running your business easier with features such as a product catalog, inventory tracking and dashboard reporting.

Your tablet point-of-sale solution includes features and functions to help you do more than accept payments:

- Inventory - keep track of product and sales
- Capture signatures and add tips directly on the touch screen
- Seamlessly email receipts to customers
- Retain customer information to expedite order processing
- Reporting dashboard in the application
- Additional online reports
- Transmit all card data securely using point-to-point encryption
- Protect card data with the address verification system (AVS) and V-Code
- Process signature debit and credit payments, voids and returns
- Perform automated tax and tip calculations
- Track cash sales
- Open order functionality
- Automated compliance updates saves you time

The TSYS Tablet POS includes everything you need in one package, including the tablet, reader, a sturdy stand that can easily rotate between the cashier and the customer to add a tip or sign for the purchase, a printer and a cash drawer. Set up is simple and our team of experts is always available to walk you through any questions.

**TSYS Tablet Point of Sale** | Smoothly and efficiently accept payments

TSYS Tablet provides your business with more than just payment acceptance. Loaded with additional functionality, the TSYS Tablet helps you manage your business and provides you additional reporting features such as an in-app dashboard and online access to detailed reports. See your top customers and top-selling products by day or month.

Talk to one of our Merchant Advocates today to see how using the TSYS Tablet for your point of sale will help your business smoothly and efficiently accept payments and run your business.
