Help manage your business

Manage Inventory

With ShopKeep POS you can create items, receive orders, and set triggers to notify you when to reorder. You can also add modifiers, manage raw goods and scan items.

Information Sheet

Manage Employees

Employees can easily clock in and out from the register and managers can adjust or export from the back-office tool. Plus, you can control access to the system based on the needs of individual employees.

Manage Remotely

From real-time reporting to updating inventory, with the back-office application, you can manage your business anywhere.
