

Mobile Payments

Accept payments anywhere your business takes you

Easily and securely accept payments with Mobile Payment Acceptance from TSYS. Our mobile solution is packed with all the functionality of a standard credit card terminal without tethering you to a location or a long-term contract. The easy-to-use interface helps you accept credit and signature debit cards, anywhere your business takes you with a straight-forward 2.7% rate.

Simple Features

You can focus on running your business and your customers with these simple, time-saving features:

- Live customer support available 24/7
- Detailed real-time reporting
- Free card reader saves you money per transaction
- Email receipts
- Perform automated tax and tip calculations
- Track cash sales
- Digital signature capture
- (available on a variety of touch screen smartphones)

Android Tablet

Use Mobile Payment Acceptance with your Android-based tablet for additional functions including:

- Customer Database: Capture information to expedite order processing
- Product Catalog: Create and maintain a list of available items; barcode scanning feature included
- Dashboard: Enhanced reporting and sales statistics

Security

Have peace of mind knowing you have the highest levels of security available:

- Card-based security features - Card Verification Code and Address Verification Service
- Each transaction secured with point-to-point encryption
- Customer data is secure if phone is lost or stolen
- Compliant with industry security requirements

Simple Rates

- Simple, straight-forward rates without strings:
- 2.7% for most swiped transactions
- 3.5% for most keyed transactions
- Free card reader
- Free Mobile Payment Application
- No hidden costs
- No commitment required
- \$5 monthly fee
