

Mobile Payment Acceptance from TSYS

Easily accept payments anywhere your business takes you

Our Mobile Payment Acceptance Solution is packed with all the functionality of a standard credit card terminal without tethering you to a location. The easy-to-use interface helps you accept credit and signature debit cards, anywhere your business takes you.

Key Benefits

You can focus on your customers and running your business with these simple, time-saving features:

- Live customer support available 24/7
- Detailed real-time reporting on your device or the web
- Optional card reader saves you money per transaction
- Email receipts
- Perform automated tax and tip calculations
- Track cash sales
- Digital signature capture available on a variety of touch screen smartphones

Security

Have peace of mind knowing you have the highest levels of security available:

- Card-based security features – Card Verification Code and Address Verification Service
- Each transaction secured with point-to-point encryption
- Customer data is secure if phone is lost or stolen
- Compliant with industry security requirements

Mobile Payment Acceptance | Easily accept payments anywhere your business takes you

Android Tablet

Use Mobile Payment Acceptance with your Android-based tablet for additional functions including:

- Customer Database: Capture information to expedite order processing
- Product Catalog: Create and maintain a list of available items; barcode scanning feature included
- Dashboard: Enhanced reporting and sales statistics
